

Main Objectives:

- To strengthen the character, identity and resilience of the child;
- To develop self-esteem and inculcate a strong sense of social values from an early age;
- To equip the child with necessary life skills to empower them to lead productive lives;
- To improve literacy and language skills for effective communication, self-expression and enhanced articulation;
- To identify, encourage and develop the child's innate talents;
- To acknowledge each child's sense of self-worth and cultivate independent thinkers.

“
Through the club my daughter discovered her flair for writing, thanks to the volunteers who fostered her!
”

“
Bringing people together is what I enjoy, more so if I am able to impart a new skill to a young person and brighten their lives through mentorship...

The Caterpillar Club

To Educate, Equip & Empower Through Comprehensive & Immersive Programs

The Caterpillar Kids' Club is a children's character-building enrichment program for children aged 4 to 12, primarily from low-income and disadvantaged families.

Launched in 2007 with only 15 children, the club has grown to accommodate almost 3 times that number.

"We believe that no child should be left behind, and that education for children is the key to helping families overcome the vicious cycle of poverty... Through this program we hope to develop critical life skills for underprivileged children, and mold them into responsible and upstanding adults."

Dr Peter Chew, aLife Founder

Through the Caterpillar Kids' Club's comprehensive and immersive programs, many needy children have received an early introduction to a broad spectrum of learning outcomes.

Workshops include:

- English Literacy & Story Telling;
- Computer Literacy;
- Visual Art & Craft;
- Speech & Drama;
- Youth Leadership;
- Music Appreciation;
- Martial art forms;
- Natural Science;
- Discovering the outdoors;
- Sports & Gymnastics and much more.

The program is run by a team of competent staff and committed volunteers every Saturday during the school year, and on an adhoc basis during school holidays.

Over the years, aLife is proud to have molded scores of resilient and confident youth, able to tackle mainstream issues, while contributing meaningfully to the community at large.

“
While we go to the club to serve, I feel I've received far more than I've given...
”

“
The club is not simply a place to keep my kids occupied for a few hours. I have seen my 2 children grow emotionally and socially...
”
